Description

The **Round Eco LED Light Shower Head** changes colour depending on the temperature, adding joy and **colour** to your **shower**. The **Round Eco LED Light Shower Head** is also a very useful invention, as it detects water temperature and indicates it with different colours. The **Round Eco LED Light Shower Head** doesn't need any batteries or chargers. The **light** is activated through water pressure. No doubt, the **Round Eco LED Light Shower Head** is one of the most interesting and useful gadgets for taking a shower.

Sharp temperature changes won't come out of the blue anymore, as you'll always know the temperature of the water through its colour. Most importantly, the **Round Eco LED Light Shower Head** changes colour according to water temperature and doesn't need any batteries or chargers.

- The **Round Eco LED Light Shower Head** is ideal for homes with kids, since it makes taking a shower more enjoyable and allows you to know the temperature of the water immediately, preventing potential scalds or sharp changes to cold water.
- Using the **Round Eco LED Light Shower Head** with little or no light is also very romantic, as it enhances the effect of the water lights allowing you to enjoy a relaxing bath with your partner.
- The **Round Eco LED Light Shower Head** creates a unique and innovative decorative effect in any bathroom.

How to install: The **Round Eco LED Light Shower Head** is very easy to install. Just unscrew your current **shower head** and screw in the innovative **Round Eco LED Light Shower Head**. Now its ready to use. It's that easy!

Temperature indicator: The lights activate through water pressure and indicate the water temperature.

Features:

- Changes colour according to water temperature.
- Compatible with all standard UE shower faucets.
- Indicates water temperature with different colours.
