Description

With the amazing **KomoBot smart robotic vacuum cleaner** you can clean the floor automatically. The **KomoBot** is fully independent and doesn't require your presence to work. Just switch it on and it will move cleaning the floor. The **Komobot smart robotic vacuum cleaner** combines different movements to clean the entire floor. Thanks to its sensors, the **KomoBot smart robotic vacuum cleaner** changes direction when it hits an obstacle (tables, chairs, columns...). The **KomoBot** gets around the obstacles and continues cleaning without leaving anything to clean.

Features:

- Completely automatic. Just switch on and it will clean the whole floor
- If it hits an obstacle, it changes direction and continues cleaning
- Can reach even the most difficult places. No more staying on your knees to clean under the beds!
- The dirt collected is stored in a deposit that is easy to open and clean (no refills needed). No bags, no filters!
- **KomoBot** is a **smart robotic vacuum cleaner** that moves in circles and goes over the edges leaving everything clean
- KomoBot vacuum cleaner comes with the instruction manual in Spanish, a high capacity battery and battery charger
- Battery range: Approx. 30 minutes. Battery type: Ni-Mh 14.4V, 800 mAh
- Measures: Width: 30cm - Height: 10cm
- Colour: Red

- Power: 25V
- Charger: 16.8V, 300mAh
- Capacity of the filth tank: 0.14L
